CLUSTShiny

Launch 'CLUSTShiny' Interface

Description

CLUSTShiny() loads interactive user interface built using R 'shiny'.

Usage

```
CLUSTShiny()
```

Details

Start CLUSTShiny

The interactive user interface is to provide an easy way for cluster analysis and downloading relevant plots.

Value

Nothing

Examples

```
if(interactive()){  
  library(rmarkdown)  
  CLUSTShiny()  
}
```
