

Package ‘RcppArray’

May 7, 2026

Version 0.3.0

Date 2023-11-06

Title 'Rcpp' Meets 'C++' Arrays

Imports Rcpp

LinkingTo Rcpp

Suggests tinytest

Description Interoperability between 'Rcpp' and the 'C++11' array and tuple types. Linking to this package allows fixed-length 'std::array' objects to be converted to and from equivalent R vectors, and 'std::tuple' objects converted to lists, via the `as()` and `wrap()` functions. There is also experimental support for 'std::span' from 'C++20'.

Encoding UTF-8
